The school has the following principle aims:

To be:

- a community where the highest standards and personal excellence are achieved, promoted and celebrated
- a community which exploits new technologies to enrich learning opportunities and prepares young people to be active, independent, life-long learners
- a caring and supportive community where individual needs are met and learning takes place in an atmosphere that is happy, safe and secure
- a community which manages its resources innovatively and flexibly to provide a stimulating and attractive working environment
- a community which develops all its members and promotes active citizenship
